Georgia Department of Human Services
Aging Services | Child Support Services | Family & Children Services

December 2022

Dear Friend:

Thank you for participating in the Clark's Christmas Kids program to spread holiday cheer to Georgia's children in foster care. While state and federal funds pay for children's necessities, we rely on the support of generous people like you to help us cover the extras that can make their holidays brighter. Because of your participation, we are closer to our goal of providing three gifts to each child.

Please keep this letter for accounting purposes, as it serves as your receipt of donation and confirmation that no goods or services were received by you in return for your contribution. You should attach your receipt(s) for any gift(s) or gift card(s) that you purchased as proof of the value of your donation. If you need additional information, please contact our Clark's Christmas Kids Project Director, Santrissa Johnson, at 404-803-5123 or santrissa.johnson@dhs.ga.gov.

Thank you again for your support. Our agency deeply appreciates your generosity to ensure children in foster care know that they are loved and cared for during the holidays.

Sincerely,

A handwritten signature in blue ink that reads 'Candice Broce'.

Candice L. Broce
DHS Commissioner
